

Apart from the heavy shower early on we had a very good day at Marchwood.

Jon planned some excellent courses with some interesting route choice decisions to be made.

It was good to have several new faces along with some of the more regular supporters of the Summer Series.

I would like to thank Jon for planning and all the helpers who made it happen on the day.

A big thanks also to the personnel at Marchwood Military Port for putting up with us on the day and finally thank you to all who came along. I hope you all enjoyed your runs

I think I have typed up the results correctly. If you spot any discrepancies let me know and I will try and rectify them.
